Name STUDENT #2 **Text** Jobs' speech para. 9-14

FINDING DETAILS

I find interesting details that are related and that stand out to me from reading the text closely.

Detail 1 (Ref.: 69-70)	Detail 2 (Ref.: 75-76)	Detail 3 (Ref.: 78-80)
"The turn of events at Apple had not changed that one bit. I had been rejected, but I was still in love. And I decided to start over."	"During the next five years, I started a company called NeXT, another company called Pixar, and fell in love with an amazing woman who would become my wife."	"In a remarkable turn of events Apple bought NeXT, I returned to Apple , and the technology we developed at NeXT is at the heart of Apples reaissance."

CONNECTING THE DETAILS

I re-read and think about the details, and explain the connections I find among them.

What I think about detail 1:	What I think about detail 2:	What I think about detail 3:
Jobs created an new company called NeXT.	Pixar created the worlds first computer animated film called Toy Story which is now the most succesful animation studio in the world.	Jobs went back to Apple and they created many new products.

How I connect the details: They all relate because they talk about Jobs starting all over after getting fired.

MAKING A CLAIM

I state a conclusion that I have come to and can support with evidence from the text after reading and thinking about it closely.

My claim about the text:

If Jobs never got fired he would have never become a beginner again and found what he truly loved.
